

Alfred Basbous

The Alfred Basbous Foundation was established by the artist in 2004 to foster an environment receptive to his work and bring modern arts to the attention of a growing public. The Foundation devotes all its resources to uphold the Basbous legacy at his home in Rachana and through exhibitions worldwide, grants to arts organizations and researches at the Alfred Basbous Museum.

The Museum, beautifully installed by Fadi Alfred Basbous in 2010 on the ground of its property in the heart of Rachana, houses the collection of the artist and hosts year-round exhibitions for the art lovers and glamorous crowd to celebrate Basbous inspiring creations.
